One of the Highest-Class Companies in the Country at the Temple this Evening

Ocala people should appreciate and attend the Klaw & Erlanger play, "Pollyanna," at the Temple this evening. It is a high-class play and stands in the first rank of theatrical performances. It is the peer of any of the Henry W. Savage productions that so greatly pleased the people last year. We hope it will be well attended, for if it is not it will give the impression that Ocala does not appreciate the best in Thespian art.

Pollyanna is one of the most successful comedies ever presented on the American stage. It makes an appeal alike to the jaded and blase regular theatergoer and to the large company of infrequent patrons of the playhouse who venture forth in search of theatrical entertainment only on rare occasions. To each of these groups the warm humanity, the tender sentiment and the mellow humors of "Pollyanna" come as a blessed benison after the crook melodramas, the salacious farces and the musical comedies with which the stage is at present inundated.

The New York Evening Post tersey summed up in these words the qualities which have made for the continued success of this delicate

"Pollyanna is a play which is rich in the kind of sentiment everybody really likes, though not eevrybody is brave enough to let other folks see he likes it. Little touches of satire, flashes of sophistication, saving graces of humor make it possible for kept and the officials courteous and even the most cowardly to bask in the sunshine of the sentiment without loss of self-respect."

Mr. Eugene Connor, who has been employed in a large automobile factory in Detroit for several years, has arrived in the city to spend the Christmas holidays with his relatives. The factory in which Mr. Connor is employed shut down until Jan. 1st on account of the coal shortage.

Considering the wealth and population of our county we think that it is a splendid showing for our body to dispose of all the criminal investigations in practically two days. We find the condition of the county generally to be in a healthy, prosperous state and are pleased to so report.

We have examined the county jail and find it sanitary and all prisoners well cared for and furnished every convenience consistent with their surroundings. We recommend that the iron work in jail be paitned and that window lights broken out be replaced immediately.

We have examined the court house and various county offices. We find that the closet in tax assessor's office and one of the petit jury rooms is covered with trash and rubbish, which is unsightly and unsanitary and ask that the janitor be required to remove same. We also find the lower toilet in bad condition, the room filled with toilet on first floor for ventilation. We find all county offices neat and well

We find further that some depredation has been going on in the north end of the county by cutting fences and recommend that sheriff investigate the matter and ascertain if evidence can be obtained on which to base prosecutions.

In conclusion we desire to thank your honor for your able charge and assistance and likewise thank the state attorney, clerk and sheriff for their co-operation and assistance to us in the discharge of our duties, and now ask to be discharged.
